UK Education Abroad Programs for Students of Arts Administration

UK Education Abroad offers a variety of programs that allow you to study arts administration in an international setting. Immersing yourself in another culture expands your knowledge of arts administration, and explore what the world has to offer with any one of the exciting opportunities available to you!

Why study abroad?
Education abroad can help you…
- Experience arts administration first-hand
- Globalize your world view
- Expand your intercultural understanding and problem-solving skills
- Prepare to work in an increasingly diverse and international workplace
- Gain new insight into the world and yourself
- Increase your language skills

As a student of arts administration, the best way to increase your knowledge is to immerse yourself in various cultures and diverse situations. There is no substitute for the experience that a semester, year, summer, or winter abroad will give you.

Do I have to speak a foreign language to study abroad?
Absolutely not. There are plenty of programs in English-speaking countries. Furthermore, students can find classes taught in English in practically every country. Of course, there are also plenty of excellent programs for students who prefer to study in a foreign language.

Where can I study abroad?
There are many opportunities to study all over the world! From the metropolitan buzz of London to the beautiful landscapes of New Zealand, UK offers a wide array of programs that allow students to study in all parts of the globe.

What are my next steps?
Attend a First Step Session.
Find out what you can study abroad and where, and ask questions about the application process, financial aid and scholarships, etc. First Step Sessions are held on Mondays and Tuesdays from 4-5p.m. on Wednesdays and Thursdays from 3-4p.m. in 207 Bradley Hall.

Explore the programs available.
Search online or visit the Education Abroad Resource Center in 315 Bradley Hall.

Talk to an Education Abroad advisor.

Are you concerned about how to transfer credits from courses taken abroad?
Our department collaborates with the Education Abroad office in order to assure pre-departure approval of course equivalencies and course bypass examination eligibility.

Courses taken at an institution other than the University of Kentucky should be evaluated by the appropriate UK department prior to the student’s registration in that course to determine equivalencies and whether or not the department will accept that course in fulfillment of program requirements.

Meet with your advisor early on in the planning process in order to discuss the proper procedure.

Are there other programs?
Yes! This advising guide is a good place to start, but you should also visit the UK Education Abroad website to learn about many other exciting opportunities to study, intern, or volunteer abroad.

If you don’t see your ideal program listed on the UK Education Abroad website, please contact an Education Abroad Adviser to learn more about UK External Education Abroad Programs and how to apply.

Paris museums such as the Louvre, the Musée d'Orsay, the Pompidou Centre, the Rodin sculptures of Paris, as well as studying and emulating the artwork of the modern masters in this studio course will focus on drawing and painting people, historic landmarks and landscapes online. To get started, it is important to consider the type of program you would like to attend, descriptions of which are outlined above. Consider the following important questions.

When can I study abroad?
• You can study abroad for an entire academic year, during the Fall or Spring semesters, Winter Intersession or over the Summer.
• Speak with your advisor to determine when it would fit best for you.

Where will I live?
• Most programs provide accommodation for students in residence halls and foreign student dormitories. Some programs, particularly ones that focus on language immersion, provide the option of living with a local family.

How do I choose the education abroad program that is right for me?
Look through the information in this advising guide for UK students. You can also find more detailed descriptions online. To get started, it is important to consider the type of program you would like to attend, descriptions of which are outlined above. Consider the following important questions.

Will I earn credits while abroad?
• Yes! Students will earn transfer credit.

How much does it cost?
• Programs vary in cost dependent on the program type, duration, and provider. Please be sure to familiarize yourself with the costs of the programs you are considering.

When should I study abroad?
Most UK students study abroad during their sophomore or junior years. However, there are programs available for freshmen and senior students as well.

Another important decision to make is what time of year to study abroad. Programs are available for the academic year, the Fall and Spring semesters, Winter Intersession, and the Summer sessions. It is also possible to take a spring-embedded course, which is a class that is taught at UK with an international component during spring break or early summer.

Because many foreign institutions follow different academic calendars, it is important for students to consider the specific dates of the program for fall and spring. For example, “fall” semester programs in the Southern Hemisphere may run from July to November and from February to June during the spring session.

Similarly, it may be difficult for students to study at some European institutions for the fall semester. Final exams may be scheduled in early January, and many programs do not make allowances for US students. Please be sure you consider this issue in advance.

Many students choose to study abroad during the Summer or Winter sessions. There are two summer sessions available: Summer I and Summer II. Summer I programs typically occur during May and early June, while Summer II programs tend to start late in the summer and end in late July or early August. The Winter Intersession occurs between the fall and spring semesters.

The programs featured on this MAP have been approved by your department, and represent a variety of terms offered. Always speak with your academic advisor to determine if a summer, semester or winter program would be more appropriate for your degree progress.
