Title: \_\_\_\_\_

*Students must complete each level in a successful manner prior to advancing to the next level. Students can take the individual project only after completion of MUS 663 or MUS 668 and with the consent of the instructor. All of these courses are Distance Learning courses. MUS 662, 663, 668 are hybrid courses requiring a two-week on-site meeting for hands-on music activities. These courses are offered during summer sessions when additional faculty with Dalcroze expertise can come to the UK campus to conduct the on-site sessions. Internet versions of these courses are also feasible to meet student demand to continue to refine their skills between summers. Students can only take one level at a time during the two weeks. Multiple level courses can be offered simultaneously with multiple faculty directing students in smaller groups according to students' abilities. The UK Senate for Distance Learning delivery has approved all the courses. Dr. W. Todd Anderson will serve as coordinator for the summer UK Dalcroze Institute. The certificate project can be done anytime during the year, on or off the UK campus. Requirements must be completed with a minimum of 3.0 GPA within five years.*

All credits earned in this certificate may be applicable towards the Master of Music in Music Education degree (MMME) or the Rank I in Music Education Program. *For courses taken at the post-baccalaureate status, 9 hours can be transferred to the Master's Degree (MMME), 12 hours to the Rank I Program.*
