REPERTOIRE

UNDERGRADUATE PROFICIENCY LEVELS

Undergraduate students enrolled in percussion performance will demonstrate competency to complete the minimum requirements for advancement from Lower Division to Upper Division course levels. Students must demonstrate acceptable proficiency in keyboard study, snare drum, and at least two (2) other areas before advancement into upper division performance courses (MUP 318/MUP 418). Juries will be used to test proficiency.

The following repertoire list serves as a guide in preparation for advancement at each level of study. Although these materials are considered minimum requirements to be selected from, students are not limited solely to this material. Each area contains appropriate technical studies, sight-reading, and repertoire. The percussion faculty reserves the right to choose material appropriate for each level of study.

MUP 118- Selected areas of study with appropriate level sight-reading.

GRADUATE PROFICIENCY LEVELS

Graduate levels of percussion study include a comprehensive survey of percussion pedagogy and repertoire to develop an awareness of the current and historical performance practices as well as an understanding of the evolution of percussion literature and instrument development.

Graduate level study emphasizes advanced literature with an individualized repertoire that compliments a student's musical profile. The curriculum focuses on the candidate's strengths, deficiencies and field of interest or specialization. Graduate students should consult the Graduate Student Handbook for specific guidelines regarding their degree requirements.
